"United Way's support didn't just give me a place to stay— they gave me hope, confidence, and the tools to build a future for me and my son."

Montanna's Story:

A Path to Stability and Independence for Young Mothers

Support Gave Montanna the Strength to Rebuild Her Life and Secure Her Son's Future

At 18, I was pregnant and terrified. With no family or shelter options, I was referred to a United Way-supported Residential Program, which became my lifeline.

Living there taught me essential skills, from maintaining a clean home to bonding with my son, Cain. The staff celebrated every milestone, from my high school graduation to getting my driver's license and being accepted into college.

The program gave me confidence, independence, and stability. Without it, I would have lost my son to foster care. Instead, we have a future full of possibilities.

Thanks to United Way, programs like this don't just change lives—they save them. It gave me the power to create a better life for myself and Cain, and for that, I'll always be grateful.
