

MEET MONTANNA

UNITED IN
ACTION

United Way
Halton & Hamilton

At only 18, Montanna was pregnant and scared. With no family or safe place to go, she was referred to a United Way-supported Residential Program, which became her lifeline.

There, she learned essential life skills, built a bond with her new son Cain, and achieved major milestones like finishing high school, getting her driver's license, and being accepted into college.

The program gave her confidence, independence, and a stable foundation. Without it, she believes she may have lost Cain to foster care. Instead, they now have a hopeful future.

"Thanks to United Way, programs like this don't just change lives - they save them. "

THANK YOU - your gift makes life-changing programs possible for people who need them most.
